

Climate Change Taitokerau Northland Trust

P O Box 8134
Whangarei
New Zealand

5 March 2019

To whom it may concern,

Tēnā koe,

The Climate Change Taitokerau Northland Trust was established on 29 June 2018 following last year's inaugural Tai Tokerau Climate Change Action Conference, Whangārei.ⁱ Our aims include to encourage and teach people in Taitokerau how to reduce carbon emissions, and support projects that contribute to that objective.

We wish to support Bodeker Scientific Ltd's application for funds to undertake research into assessing global climate engineering impacts on New Zealand's economy, environment and society. We recognize that civil society urgently needs to have an honest, comprehensive conversation about climate engineering and other technologies if Aotearoa is to determine, with all due haste, the most well-informed responses to our climate emergency.

Nāku noa,

Carol Peters (Trustee)

Peter Bruce-Iri (Trustee)
